### The Los Angeles Quake.

Mr. Louis W. Hueschen, who is well known to the people of this vicinity, being a native of Medina county, and whose veracity is beyond question, in a recent letter to his father, Mr. J. D. Hueschen, gave the following vivid description of the Los Angeles, California, earthquake:

I will try to give you a brief description of what sort of a sensation a person gets who goes through a few real earthquake shocks—such as we have had the last few days here in Los Angeles.

To connect the story up properly I will start off by telling you that during the summer months one seldom sees a cloud in this section of the country, but on last Wednesday night a real "thunder storm" came up, such as we find back home, which is a very rare thing here. This continued throughout the early part of the morning, with just a few drops of rain. Towards noon the weather turned off calm and a little sultry and by night there was not a breeze stirring, which is also unusual. On Friday morning I woke up with a headache but paid little attention to that and went to the office as usual. The day was starting out sultry and, as we call it, "dopey", and those who have experienced earthquake shocks before did not fail to mention early in the morning that this was "regular earthquake weather". At about 10:00 A. M., without any warning whatever, the ten story building I am in began to jump around like a rubber ball—took a jump down and then up, down and up—quicker than one can think. And unless one goes through a thing of that kind it is impossible to imagine the feeling one gets. You hear the buildings crash, crack, groan and squeak; you can hear the rattling of broken glass just everywhere, people screaming and running (or trying to) in just every direction, not knowing where to go. Well, I had been through some slight shocks before and knew that two or three shocks follow the first one by a few minutes, so after the first two heavy jolts came, I was close to a window on the 6th floor, and had started down the fire escape. I got to the 4th floor and then I realized that it was safer inside than out and went back. I had regained "nerve" enough to go back up to the office. There were many excited people, but it did not take them very long to settle down to work again, nervous, of course. The shake seemed to have been harder in our section of town than in others for quite a few of the big street light globes were broken near us, while in other sections of town they remained unharmed. During the noon hour there were two more shocks, but this time they were of the usual kind, which rock sideways—in every direction—just a good shake-up. I was out walking and did not even notice this one. But about 1:30 P. M. another heavy shock came and shook things up good and proper, with the same results as before and this time I walked to the window to see the excitement outside, as people all start out in the street as fast as they can. Just as I was standing at the window another shock came along, this time the heaviest of them all, and the sight was just awful. It looked like everything was coming down, and together with the awful noise of the crashing buildings and breaking glass, as well as people screaming, the sensation was horrible. I had a clear view over some smaller buildings and could see some of the taller buildings a few blocks away and they seemed to be going in every direction—the telephone poles and wires and lamp poles danced around like they were doing the "shimmy" dance. The big white light globes down below popped open like pop-corn in a hot pan. This one was enough for me while inside the build-

ing, so I went out and started for home. Later there were more slighter shocks, but at home, which is eight miles from the office, I did not feel them. There have been numerous slight shakes since, but not as severe as those of Friday, but they seem to have a peculiar effect on many people—they get sick at their stomach, just the same as in sea-sickness. I have always liked Los Angeles better than any place I have ever lived in, but I am thoroughly convinced that there are many other places where I would rather live than here from now on and I am going to get away just as soon as I can arrange things—I'm done here.

### To the Voters of Medina County

Hondo, Texas, July 26th, 1920.

In submitting my candidacy for reelection to the office of County Superintendent of Public Instruction of Medina County at the November, 1920, election, it is my purpose to stand on my record as County Superintendent since coming into office. If you think my administration has been progressive and successful in its operation, I shall assume to solicit your support on that basis alone.

As County Superintendent of Public Instruction, I have endeavored at all times, to pursue common-sense, business-like methods in handling the affairs of the office, and to keep faith with the people by staying with what I conceived to be the best interests of the schools regardless of politics; and, if re-elected, I shall discharge my duties as fairly and impartially as my knowledge of the situation will permit.

Respectfully,

W. N. SAATHOFF.

### Democratic Convention.

The Democratic County Convention for the purpose of canvassing the returns of the recent primary election will be held at the court house this Saturday afternoon, July 31st, at 2:30 o'clock.

JNO. T. BRISCOE,

Chairman Democratic Executive Committee Medina County.

Among the real estate transactions the past week was the sale by Mr. Lou Heath of his home in Hondo to Mr. R. E. Bohmfalk. Mr. Bohmfalk will move to town to get the advantages of the Hondo schools. We do not think Mr. Heath has as yet decided under what tree he will pitch his camp.

### Oil News.

July 29th.

Medina Oil Development Company has their casing set, well cleaned out, and resumed drilling at 153 feet. The seep of oil which was struck at 142 feet seems to get stronger. There is a great deal of gas in the well at present. We have a sufficient amount of gas now to run a gas engine. Drilling in blue shale which is getting darker. The indications are that we will have a good well long before we reach a depth of 1000 feet. About the only thing that could add to the prospects of this well is commercial oil itself.

F. A. BROWN.

As an expression of the wishes of the people the primary election last Saturday was somewhat of a farce. People should either take more interest in the primaries or the system should be abandoned. With a voting population of approximately fifteen hundred, less than one-third of the voters availed themselves of the opportunity of expressing their choice at the election. Pat M. Neff was the successful contestant for gubernatorial honors, but by just what majority it is impossible to state as only about one-half of the polls holding elections had made their returns to the county clerk up to Friday evening. Thompson and Bailey followed Neff, with Looney a bad fourth. Cobbs carried the county as a candidate for judge of the 4th Civil Court of Appeals, but by what majority we are unable to say. Some better method of getting the election returns should be devised. With the county convention scheduled to meet at 9:00 p. m. today the county clerk had received the returns of but six boxes up to noon Friday. Only about ten of the nineteen polling places in the county conducted elections.

Dr. J. F. Williams with Leon Boswick's troop of expert players of the drama arrived in Hondo last Sunday from Sabin. A big tent was erected Monday on the College Square and at night the lovers of a well played comedy enjoyed the presented "Call of the Woods" enthusiastically. Then with much pleasure "The Barrier" on Tuesday night was attended. Wednesday "The Slow Poke", Thursday "Thorns and Orange Blossoms" and last night the favorite play "St. Elmo" were artistically played. With today's program—Matinee, "The Trail of the Lonesome Pine" and "The Elixir of Youth"—a week of rare entertainments will end. Prizes set out in contests for the fastest boy in lacing his shoes, in a wood-sawing contest for ladies and a cracker-eating contest for boys, added much to the amusement of the audience. The company will play in Seguin next week.

Help For Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before. — Samuel Boyer, Polson, Iowa.

## When Run-Down

HOUSTON TEXAS.—"I was in a terribly run-down condition of health after a siege of ptomain poisoning, and then the influenza. I could not seem to regain my strength and was really not able to do my housework. I knew I needed a good tonic and builder and remembered how my folks used to regard Dr. Pierce's remedies in my girlhood days, and then I decided to take Dr. Pierce's Golden Medical Discovery. After taking the second bottle my strength returned rapidly and I felt better in every way.

"I am glad indeed to recommend the medicine that has done me so much good and do not hesitate to give this statement." — MRS. GERTRUDE SEIL, 2117 Common Street.

Few families have not at some time or other used the "Golden Medical Discovery" for the stomach, liver or blood. Over twenty-four million bottles of this tonic and blood remedy have been sold. All druggists. Liquid or tablets.

They report a splendid time. They left Tuesday evening for Dallas.

### Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

It is the duty of either a county, or a city administration, when it finds that it has men in its service who not only wink at crime but actually engage in violations of law to call for resignation, and if necessary impeach such officials. It is the moral duty of a newspaper to publish the news. If it fails to keep the public informed as to what it knows is going on in its territory through favoritism or fear, that paper, like the administration, becomes particeps criminalis. — Devine News.

Primary election returns gave Joseph W. Bailey Monday evening 122,771 votes, Pat M. Neff 120,022, Robert E. Thomason 83,206, and B. F. Looney 39,975. Almost two-thirds of all votes cast were accounted for then. Bailey had a majority of 2749 votes over Neff. While these figures will be changed by later reports it is certain that Bailey and Neff are the candidates for governor at the run off primary August 28th.

It is reported that Pancho Villa is on the way to surrender to the new Mexican government.

### Loss of Appetite.

As a general rule there is no thing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

### Summer Complaint in Children.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

## Live Stock Sanitary Commission of Texas.

Fort Worth, Texas, July 19, 1920. Circular No. 40.

To Whom It May Concern:

EFFECTIVE ON AND AFTER DATE HEREOF On account of the existence in the counties of Val Verde, Kinney, Uvalde and Edwards of the contagious disease of live stock known as ANTHRAX, which has been ascertained by the Live Stock Sanitary Commission through its authorized inspectors, and the probability of its existence in Real and Bandera County, the following quarantine is hereby declared to be in full force and effect:

The County of Medina is free of the existence of the contagious disease known as ANTHRAX and inasmuch as said Medina County is adjacent to infected counties and the further fact that the County Judge of Medina County requests that said county be protected from infection it shall be unlawful for any cattle, horses, mules, asses, sheep, goats or hogs to move or be moved from the counties of Val Verde, Kinney, Uvalde, Real, Bandera, or Edwards into Medina County. All persons, firms, or corporations are hereby forbidden to move said live stock from said counties into Medina County without a certificate from an authorized inspector of the Live Stock Sanitary Commission showing said live stock to be free of contagious diseases. All owners and caretakers are also forbidden to permit said live stock to move or be moved from said counties of Val Verde, Kinney, Uvalde, Real, Bandera, and Edwards to Medina County unless accompanied by said certificate. For the purpose of enforcing this order the counties of Val Verde, Kinney, Uvalde, Real, Bandera and Edwards are hereby declared to be quarantined with reference to the movement of any such live stock into Medina County except as hereinbefore provided for.

## HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tou-palik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

# AMENDMENT RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OF FICIALS.

House Joint Resolution No. 7.

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

Section 1. That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 of Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exceptions as it may deem advisable.

This section shall supersede all other provisions of this constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Sec. 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Sec. 3. # AMENDMENT AUTHORIZING ONE AND ONE- HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POP- ULATION.

Senate Joint Resolution No. 12.

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collectible only in current money, and all licenses and occupation taxes levied, and all fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year," and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five

thousand or less from one-fourth of one per cent to not exceeding one and one-half per cent of any one year."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election, and to have the same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election.

# AMENDMENT RELATING TO TAXATION BY SCHOOL DISTRICTS.

Senate Joint Resolution No. 17.

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law," and all those opposed to said amendment shall write or have printed on their ballots "Against the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation of said election and to have same published as required by the Constitution and existing laws of the State.

Sec. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

Town With No Streets.

The smallest dependence of France is Isle d'Hoedia, situated at the east of Bella Isle. Its population is 238. They do not speak French, but Celtic. Fishing is the principal industry, and they are provided with food at an inn managed by the women. The town has no streets.

# DISTINCTIONS EVEN IN ZOO

Monkey's Superiority in Gray Matter  
Recognized by His Less Gifted  
Cage Companion.

Among the most quarrelsome folk at the zoo are the agoutis, the giant guinea pigs of South America, writes a London (Eng.) correspondent.

Not long ago a new golden agouti was about to be placed in a cage already inhabited by four other members of his family. The original quartet had fought among themselves wholeheartedly, but had more or less settled down, minus ears and plus many scars. To introduce a fifth agouti would restart the great war, so it was decided to place the newcomer with a beautiful little squirrel monkey named Gus. The agouti family, who had been licking their lips at the idea of a fresh victim, gnashed their teeth when they saw him put into the next-door cage with a monkey.

James settled down on the ground floor of the cage and Gus took to the overhead perches. They lived for a few days on two different levels, till one day Gus saw James being fed by a visitor.

Screeching with annoyance, the little monkey (a quarter of the agouti's weight) dashed down and pulled the nut from James' jaws. James has murderous teeth (like those of a magnified rat), but he submitted without a murmur. From that moment Gus and James were inseparable and they now sleep together curled up into a snug ball.

Gus loves society and warmth, while the agouti seems to recognize the superior brain of the monkey and tolerates an amazing amount of bullying from him. There are bare places on his sleek, golden-brown coat where Gus has bitten him (because he did not surrender dainties quickly enough), and James would probably have had an easier life had he been left to the mercies of his own quarrelsome cousins.

Mr. Jungman has held this position for many years, is thoroughly competent and is one of the most courteous and obliging officials that ever held office in Medina county. There is but little doubt that his candidacy will receive favorable consideration at the hands of Medina county voters at the November election.

August Hornung was "down and out" for several days the past week, or rather, he claims he was. The oppressive heat of the past two weeks was rather calculated to give a fellow that "tired feeling" and it is possible that that had something to do with his "lay off". However, he was back on the job Wednesday and we hope he will soon claim to be his normal self again.

In the proper column of today's paper will be found the announcement of Mr. Henry F. Buss as a candidate for re-election to the office of county commissioner of Precinct No. 1, Medina county. He has served the people of the precinct for the past two years as their commissioner and his services in that capacity should be considered by the voters in determining their action on election day. The office of county commissioner is a very important one, and should be filled by the very best men obtainable. We ask the people of Precinct No. 1 to consider Mr. Buss' candidacy on election day.

Of course he places the declination of the offer to the manner of ingress and egress from the mine but we believe the truth of the matter is that they were afraid. Mr. Merriman says Uncle Sam has some great climate out there, and some fine country, also some that he can't brag on.

Dr. O. B. Taylor will leave Monday for Galveston on a visit. Of course, we are not advised as to just what attractions the city by the sea holds for the doctor, but there is just enough mystery about this visit to make us suspicious. Fishing is better at the lake than at the coast and outing parties by his chums are frequent, and all know that camp life is more enjoyable than the restrictions of hotel existence; the society of friends is more pleasurable than that of strangers, that is, if he is to associate with strangers only. We confess, we are at a loss to account for this visit, but advise the doctor's friends to be prepared for any kind of an eventuality.

C. left Monday for the Medina Lake on an outing. Of course they claimed they were going on a fishing trip but the look of anxiety on the face of Fritz Muennink is pitiful. Their camp is in the vicinity of his goat ranch. Of course he has placed all available protection around his flocks but he seems to regard all efforts to protect his goats as useless, and is looking around for something to stock up the range with when this outing is at an end. However, his countenance bore a more hopeful aspect toward the last of the week. Mr. King and Mr. Gilliam came home and Mr. Muennink thinks it possible he may escape with enough goats to again raise his flocks to their normal size in the course of a few years.

Prof. W. N. Saathoff has again cast his "hat in the ring" and his announcement for County School Superintendent appears in today's paper. He is making the race strictly on his record as superintendent for the past several years—the only criterion by which an official should be judged. He is an enthusiastic school man, a believer in education, and his past record shows his heart and soul in his work, and many of the schools of the county are indebted to his untiring energy for material benefits received in the way of state aid. The position of school superintendent is an important one, and we ask the voters of Medina County to consider Prof. Saathoff's claim on election day.

Judge R. J. Noonan's announcement for re-election to the office of County Judge of Medina County appears in today's Anvil Herald. Some big projects for better conditions in Medina County have been inaugurated during his incumbency of the office of county judge and it is doubtful if a better man is available for the carrying of these plans to a successful conclusion than the present occupant. He has been hampered in his plans for improvements under way in the county by the demoralization following the war and the difficulty in floating bonds of the county. It is laudible that he should desire to finish what he has begun, and there is but little doubt that he will be elected to succeed for another term unopposed.

### Tarpley Items.

Tarpley, Tex., July 26, 1920.

Anvil Herald—

It has been a long time since anything has appeared in the Anvil Herald from Tarpley. You may have thought that our little burg was extinct, but such is not the case, as we are very much alive.

We noticed quite a number of Hondoites at the Tarpley barbecue. Among the crowd from Hondo we will especially mention O. H. Miller and Mr. Short. We must say that we did not see either of the gentlemen, but we could hear them all day.

We see in the last issue of your paper that a Bailey spellbinder was to furnish intellectual food for the entertainment. We would beg to say that we never thought of Bailey or any of his spellbinders, but, as always, Baileyism took possession of everything and not only that, but Bailey and a Coon would not even allow a speaker that was on the program to speak. Baileyism hogged it all like it always does.

The barbecue was a success as every body had plenty to eat and enjoyed every minute of their stay.

Mr. Chic Morris left a little too soon, so he did not get his prize as champion eater. Mr. Morris is entitled to the blue ribbon according to the judges.

Crops are fairly good, corn especially, cotton is sorry, forage crops are good, too.

The Community Welfare Club of Tarpley has asked Prof. W. N. Saathoff to come and speak on "Education". We hope Mr. Saathoff will be able to fill the appointment. The Welfare Club is doing a great work here.

Tarpley is planning to have a local Fair in October. We will keep you posted and hope the Anvil Herald will be represented at our fair.

We would name, among the many visitors from Hondo, Mrs. Henry Rothe. We were glad to see the lady here.

## Puts the gain on ALL the hog

All-round development is what the hog feeder wants, insuring higher grade pork as well as higher finish.

Purina Pig Chow is a scientific balance of concentrates for making bone, flesh, blood and fat. It develops and fattens pigs simultaneously, and brings hogs up to a maximum weight in record time. One feeder last year cancelled a car of Purina Pig Chow, because this feed finished out his herd a month earlier than he expected.

Purina Pig Chow contains Hominy Meal, Digestor Tankage, Blackstrap Molasses, Ground Barley, Corn Gluten Meal, Cracked Corn, Linseed Oil Meal, and Alfalfa Flour, with a trace of charcoal and salt.

Compared with corn, barley, shorts, hominy or similar ingredients by weight, Purina Pig Chow will produce 100 lbs. of live hog with one-third to one-half less feed. Fed individually or in combination with other feeds, Purina Pig Chow will produce 25 to 50% more weight.

### MINE OWNER WAS FORCED TO QUIT.

Moves To Coast Seeking Health—Takes Tanlac and Will Return Home a Well Man.

"I was forced to give up my mining business and move to Los Angeles seeking health, but thanks to Tanlac I am going back a well man," said William H. Hart, who owns the Vindicator Divide mine in Tonopah, Nevada. "For nine years," he continued, "I suffered terribly from indigestion, my appetite was poor and everything I ate would cause so much gas in my stomach that I would be drawn almost double with pain. I got so nervous I couldn't write a letter and even the wind blowing around the house at night would upset me so I couldn't sleep. I lost forty pounds in weight and finally had such bad attacks that I couldn't stay on the job another day. I just gave up and came out here, but the change, like all the treatments I had taken, seemed to do me no good at all. "One day a friend recommended Tanlac to me and I will never be able to thank him enough, for now, after taking four bottles I feel like a new man. I eat three hearty meals a day, my nerves are as steady as a rock, I sleep like a child at night and I am going back to my mines feeling fit and fine in every way. I am glad to have a chance to tell other people what a great medicine Tanlac is."

Tanlac is sold in Hondo by W. H. Windrow; in Castrovilla by Joseph Courand & Co.; and in Dunlay by Louis A. Haby.

The Poles, who intended to extend the boundaries of their new State far into Russia and who had succeeded in occupying large territories there, have been driven back by the Russians with an army of 70 divisions. Fearing that the Polish capital, Warsaw, would fall into the hands of the Russians the Poles asked for an armistice and for peace terms. The Russians stopped their advance on Warsaw and a peace conference will be held July 30th at the front.

## GIFT WITH STRING ATTACHED

Well for One to Think Twice If Offered a Billion Dollars Under Certain Conditions.

Suppose a fairy should come along and smile at you and ask, "Would you care to have a billion dollars?" You'd think her a rather nice fairy, even if she added, "Well, you may have it, all in new dollar bills, provided you count it yourself, as I am too busy. You must agree, however, not to spend any of the money until you have the whole billion counted."

Probably you'd set to work counting at a great rate—but, in case that fairy should really happen along and make that offer you had better stop right now and consider just how you would come out.

If you counted 100 bills a minute, which would be fast work to keep up for any great length of time, you would have in an hour \$6,000, and if you counted right on without stopping to eat or rest for ten hours you would have at the end of your first day \$60,000. At the end of a year of continuous counting, ten hours a day, six days a week, you would have \$18,720,000, and you might begin to think your billion almost won—but wait—a billion is a thousand times a million, and to count to that number, at the speed which you had been making, would require 45 years, 241 days, six hours and 40 minutes.

No human being could keep up such monotonous work for anything approaching this period without losing his mind or having a complete physical breakdown, even if he was willing to wait half a lifetime before spending any of his earnings. But assuming that one could keep on counting until the end one would have to have a capital of at least \$30,000 to live on meanwhile. No, that would be a very malicious fairy in disguise.

Hot weather is hard on teething babies. They suffer the combined misery of heat, pain and stomach disorder. McGee's Baby Elixir helps the little sufferer through the trying period by correcting the stomach and bowels. Price, 35c and 60c. Sold by W. H. Windrow.

Sheriff John W. Tobin came out victorious over his opponent Dan M. Hill in Bexar County.

## THIS IS CERTAIN.

The Proof That Hondo Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They say time has completed the test.

J. A. Hay, farmer, Hondo, says: "Some years ago when I was working on the street cars the constant standing which the work necessitated resulted in pains across my back and kidneys. I had always heard Doan's Kidney Pills highly spoken of so I decided to try them. Doan's did me a world of good, entirely removing the trouble." (Statement given May 29, 1915).

On May 13, 1919 Mr. Hay added: "I think just as much of Doan's Kidney Pills today as ever. I haven't had occasion to use them since they cured me in 1915."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hay had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### Why This Tire Will Not Skid

A glance at the distinctive tread of the Horse-Shoe Cord Tire will tell you why this tire is so remarkably anti-skid.

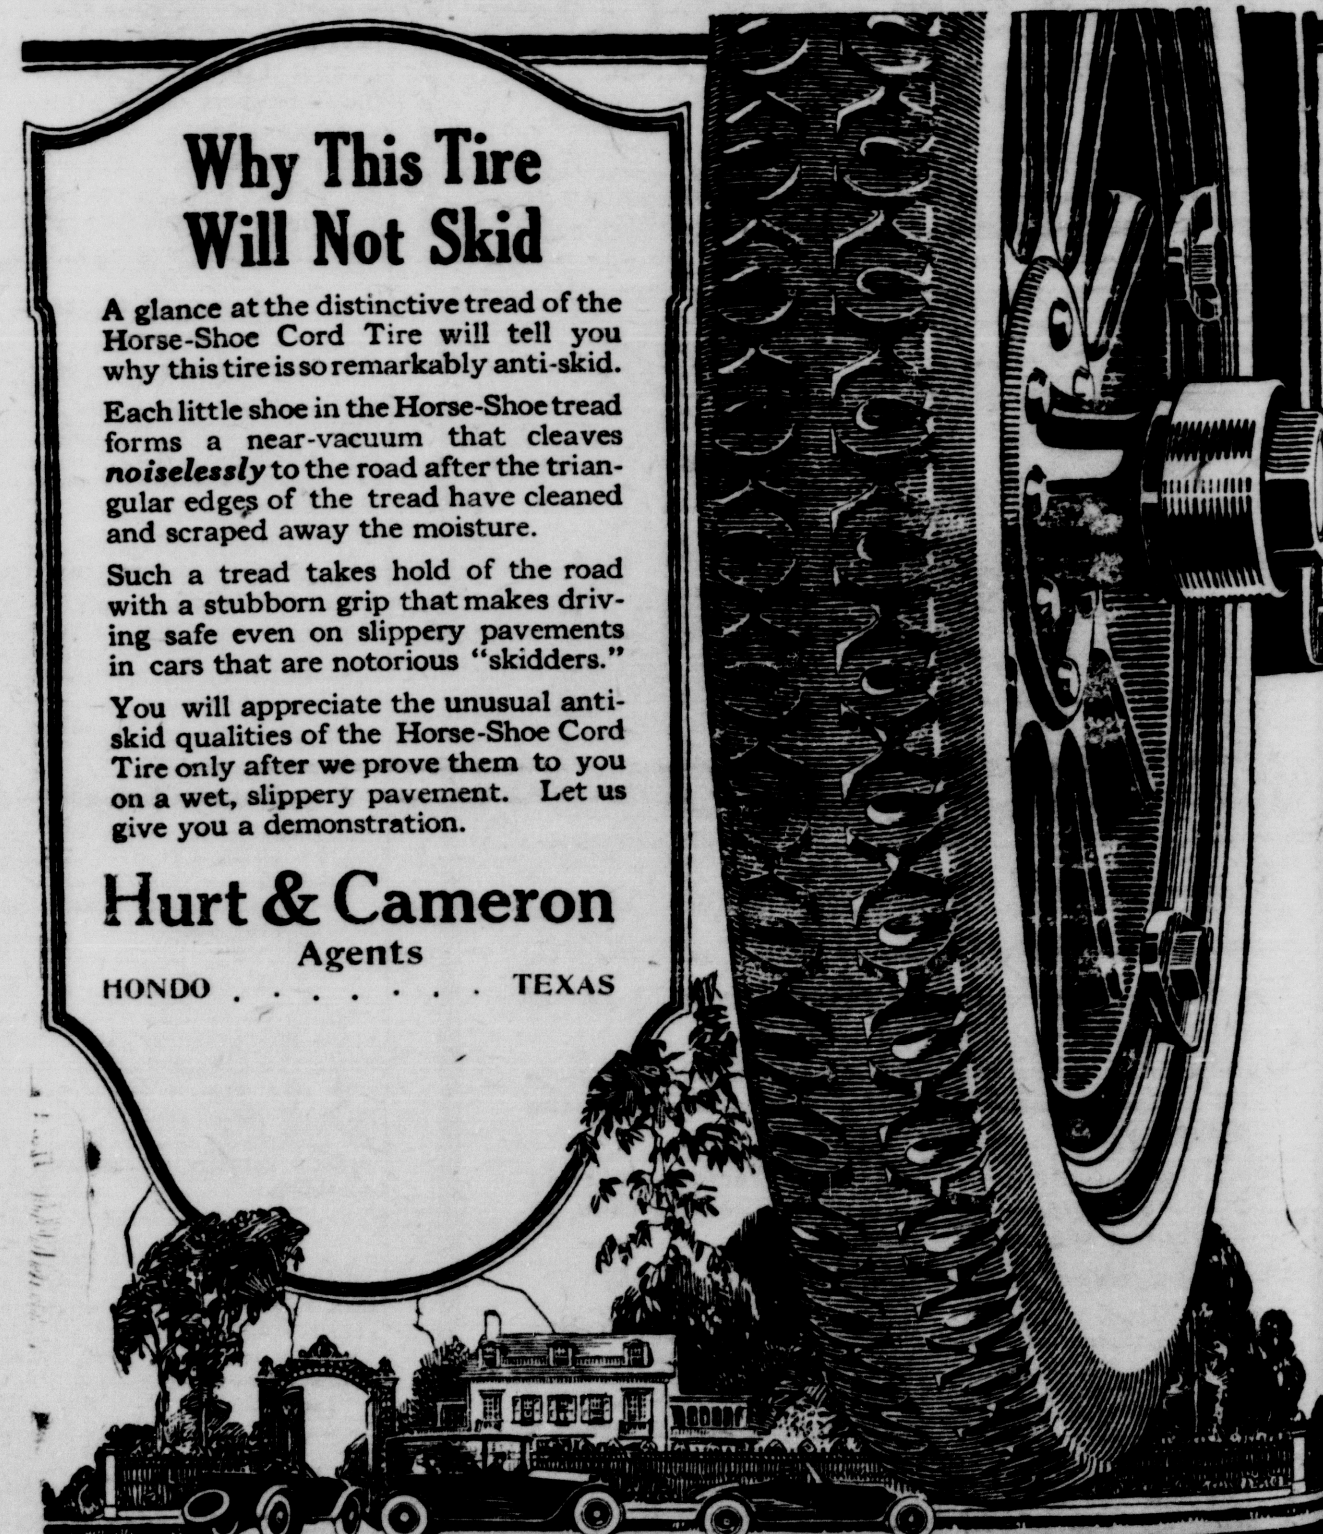

Each little shoe in the Horse-Shoe tread forms a near-vacuum that cleaves noiselessly to the road after the triangular edges of the tread have cleaned and scraped away the moisture.

Such a tread takes hold of the road with a stubborn grip that makes driving safe even on slippery pavements in cars that are notorious "skidders."

You will appreciate the unusual anti-skid qualities of the Horse-Shoe Cord Tire only after we prove them to you on a wet, slippery pavement. Let us give you a demonstration.

**You Do More Work,**  
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS Chili TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS Chili TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup, so pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chili TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chili TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**Lift off Corns!**  
Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

## SURE HIS TIME HAD COME

Traveler's Plight Proves the Truth of Old Saying Concerning "A Little Knowledge."

A traveler one day met a man who was sitting by a picturesque lake in Switzerland and who was apparently in a dying condition. With great anxiety he inquired the cause of the man's suffering.

"Oh," said the sufferer, "I was very thirsty and I took a deep draft of the water of the lake. Then I sat down to consult my guidebook and to my horror I learned that the water was poisonous. Now I see that I have only a few moments to live. I feel the poison going through my body. Remember me to—"

"Let me see the passage," requested the passer-by. Turning to it, he read: "L'eau du lac est bien poissonneuse" (The water of this lake abounds in fish). He explained the meaning of the passage to the dying man, who leaped to his feet in great joy.

"What would have happened to you if I had not been here?" asked his companion.

"I should have died of an imperfect knowledge of the French language!"

## WENT FATHER ONE BETTER

Daughter of Old Gobsa Golde Improved on the Situation Her Sire Had Been In.

Vicente Blasco Ibanez, the Spanish novelist, said at a dinner in Philadelphia:

"The American business man is called tired. Yes, you call him familiarly the t. b. m., and you say he is dull and stupid. What a mistake!

"I sat with two business men in a restaurant the other evening when a beautiful young woman entered.

"That is old Gobsa Golde's daughter, Lotta," said the first business man. "When her father struck town his trousers were only held up by one suspender."

"The girl takes after him, too," said the second business man. "That marvelous bareback gown of hers isn't held up by anything at all."

## The Lynx-Eyed Sleuth.

"The Right Place store was broken into last night, and a wagon load of swag carried off," said Constable Sam T. Slackputter, the redoubtable sleuth of Petunia. "On the surface there don't 'pear to be any clues laying around, and folks are saying today that I'm baffled, as usual. But, lemme tell you, I hain't by no means as big a fool as I sometimes look. The loot consisted almost entirely of silk shirts, silk socks, chocolate colored shoes, swell neckties and cigars with gold bands around 'em. Well, now, what is the matter with my the'ry that the crime was committed by three or four young farmers, hey?"—Kansas City Star.

## What They Thought.

Two sentimental spinsters live next door to a satisfied-with-his-condition bachelor. And he does have a time avoiding their conspicuous attentions. But the worst of all was the other night after he had rolled into bed and was called to the telephone. A spinster's voice came over the phone. "Oh, Mr. Blank, there is a man at our window."

The bachelor snorted: "Doesn't he know where your door is?" he retorted.

And now their attentions have ceased.

## Honey Yield Higher.

The average yield of surplus honey in 1919 was 50 pounds to a colony of honey bees, as estimated by the bureau of crop estimates, United States department of agriculture. This is considerably above the average of 45 pounds in 1918, and of 41.6 pounds for the five years, 1913-17. The relative proportions in which the honey of the last two years was marketed are indicated by 59 for extracted honey, 31 for comb honey, and 10 for bulk honey. About one-third of the product goes to "outside" markets.

## A Methodist Joke.

Methodists attending Northern Indiana M. E. conference, in Richmond, were discussing what had become of a number of the old-time ministers they had known.

"When the cost of living became so high," said one of the group, "our pastor resigned, went to live on his farm and now is in the dairy business." "And I suppose," said another, "he now sells pasteurized milk."—Indianapolis News.

## Accurate Computation.

"I beg your pardon, Mr. Dubson," said Miss Peacher, "but what did you say?"

"Why, Miss Peacher, I asked you to marry me."

"Oh, I didn't hear you. My mind was miles away."

"Yes," said Mr. Dubson, bitterly, "about 150 miles away, I dare say. That's how far it is to the town where my hated rival has gone to 'accept a position.'"

## Easy to Remember.

"Pop?"

"Well, Junior—"

"I want you to help me with my letter."

"All right."

"I get all mixed up in two words; missile and missive."

"I could easily straighten that out for you."

"Good."

"A missive is the one that is sent before marriage."—Youngstown Telegram.

## SCHOOLMAN MAKES STATEMENT

"No child who leaves the public schools without knowing how to live on less than he makes is thoroughly educated," says J. F. Kimball, Superintendent of Dallas Public Schools. The Dallas school children are taught how to save their money and they own nearly \$75,000 of Thrift Stamps and War Savings Stamps. Their teachers teach them thrift and saving.

## AN EASY WAY TO SAVE

Five per cent of one's monthly salary or wages will build up a very tidy sum by the end of the year if regularly invested in War Savings Stamps and Thrift Stamps. These Government securities can't depreciate in value and they yield interest at the rate of four per cent, compounded every ninety days. They can be bought at the postoffice.

## Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60c.

## When the train came in back in 1910

**T**EN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Ueco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

**No Worms in a Healthy Child**  
All children troubled with worms have an un-  
healthy complexion, which indicates poor blood, and as a  
result, there is more or less stomach disturbance.  
GROVE'S TASTELESS CHILL TONIC given regularly  
two or three weeks will enrich the blood, im-  
prove the digestion, and act as a General Strength-  
ening Tonic to the whole system. Nature will then  
throw off or dispel the worms, and the child will be  
in perfect health. Pleasant to take. 60c per bottle.

**Lifts You From A Bed of Fever**  
The old fashioned ague is hard to  
get rid of, but Oxidine does it. This

laria germ right out. It will help  
you as it has helped thousands of  
others. We have many testimonials  
on hand to show.  
**OXIDINE**  
**For Malaria**  
It is also an excellent tonic. Builds you up; it  
makes you well and strong. Tones up your  
system, increases your appetite. In malarial  
countries Oxidine prevents malaria. If you  
have a case of chills and fever try Oxidine, it  
will help you.  
**Guaranteed:** Remember that Oxidine is  
Guaranteed. If it doesn't  
help you, you can take the empty bottles back  
and your druggist will refund full purchase price.

**Salvation Army's Home Service.**  
Service of the Salvation Army for  
every community in the United States,  
sums up the Salvation Army's Home  
Service program that is now being car-  
ried into effect throughout the whole  
of this country and particularly in the  
Southwestern division, comprising  
Texas, Louisiana and Oklahoma, by  
the establishment in every county of  
Salvation Army Advisory Boards.

Leading citizens of every county, re-  
alizing the great service that the Sal-  
vation Army can render their commu-  
nity, have accepted the call and are ac-  
tively engaged in furthering the work  
of the Salvation Army.

In Texas already fifty-four boards  
have been organized and are actively  
at work. Louisiana has nine boards in  
action and Oklahoma has twenty-five.  
Within a very few weeks practically  
every county in the Southwest will  
have a representation of the Salvation  
Army in their county seat. The best  
evidence that the boards are of real  
service to the community in which they  
are established, is that through the  
members, the whole of the Salvation  
Army's sixteen major activities are  
placed at the disposal of the residents  
of that community, in so far as they  
are applicable.

The county advisory boards that are  
now functioning in Texas together  
with their Presidents, are:  
Austin County, Dr. J. A. Neely;  
Bastrop County, W. E. Maynard;  
Brazos County, J. T. Maloney; Brown

"I Wouldn't Go Camping Without Rat-  
Snap", Says Ray White.  
"Wife and I spent our vacation  
camping last summer, smell of cooking  
brought rats. We went to town, got  
some RAT-SNAP, broke up cakes, put  
it outside our tent. We got the rats  
all right — big fellows." Farmers,  
storekeepers, housewives, should use

**Honoring Guests.**  
One of the largest social functions of  
the summer was on last Thursday  
evening when Mr. and Mrs. M. H.  
Muennink entertained at their pretty  
home in honor of Miss Daisy Scott of  
San Marcos and Miss Mary Belle Nor-  
ton of Weatherford. This beautiful  
home was artistically decorated in gold  
and white, as these two young ladies  
are students of the University of Texas.  
Miss Emma Muennink, sister of the  
host, received the guests and intro-  
duced them to the honorees. The  
evening was spent in amusing games  
and contests, which were enjoyed by  
all. These were followed by music  
from the different guests.  
At a late hour the genial hostess  
was assisted in serving an ice course  
in the University colors by Mrs. F. G.  
Muennink and Mrs. W. G. Muennink.  
The invitation list included Misses Fan-  
nie Carle, Emabel Rogers, Ruth Chan-  
cey, Nettie Mae Newton, Maggie Cam-  
eron, Irene Hudspeth, Florence Lacy,  
Evelyn Lacy, Irene Saathoff, Bettie

Boehle Wednesday afternoon.  
Louis Greil and Ernest Boehle, the  
"soda pops" of Hondo, came out after  
their "best friends" for the show at  
Hondo Wednesday night.  
H. G. Boehle and wife took in the  
picnic and horse races at Biry Sunday.  
Quite an excitement happened the  
other day when a blind mule, belong-  
ing to Anton Heiligman, became  
frightened at a whirlwind coming over  
the field, while Mr. Heiligman was  
raking cane. He escaped with minor  
injuries.  
Mr. and Mrs. O. A. Greil and family  
and Jul. and Ernest Greil, Walter  
Brucks and Louis Oefinger took a spin  
in Mr. Greil's new Lone Star car to  
Castroville Sunday to attend the ball  
game.  
Mr. and Mrs. Robert Groff passed by  
here Monday from Hondo with a load  
of household goods.  
Lina Greil came out from San An-  
tonio on a visit to relatives and friends.  
Mrs. Emil Craff and son, Walter,  
and daughters, Misses Lina and Pau-  
lina, and Misses Myrtle and Amanda  
Hall visited Quihi Saturday evening.

# Firestone

Sales of this tire have increased 96%  
the first six months of this year, prov-  
ing the balanced tire, the Firestone  
3½ has accomplished what Firestone  
sought for it, more mileage, greater  
economy, greater comfort, which has  
been passed on to the public at low  
cost—most miles per dollar.

**Balanced!** That means to you more  
than mere thickness of tread, great-  
er air capacity, more plies of fabric,  
greater cushioning, or the gauge of  
the sidewall. It means that all  
component parts of the Firestone 3½  
are scientifically balanced by special-  
ists who have put years of study and  
practice into a single purpose—to  
meet your demand in a small car tire.  
You can now have all four tires on  
your car give uniform service if they  
are Firestone.
